The official newsletter of the

Bristol Norfolk Home Builders Association, Inc.

Look at us now!

To keep you, our members better informed and to reach out to others in the housing industry about the good work being done by Bristol Norfolk Home Builders Association, you'll notice our new look!

Beginning with this issue, On The Level will become a quarterly publication of BNHBA giving us an opportunity to provide you with news of our organization and what's going on with the housing industry in our area.

"We've had a number of meetings over the past several months about how to better reach our existing membership and how to attract new members to our ranks," said **Brian E. Dunn**, 2005 - 2006 President, BNHBA. "Expanded coverage of the professional and social activities of our association local along with information our members can use to improve their businesses is the goal of this quarterly effort," added Mr. Dunn.

Since we won't meet again
until January,
let us be the first to say

Happy Holidays

A good time had by all!

Guess who the winner of the best costume award was? Our gracious host and bartender **Don Baker**, D.A. Baker Construction, wasn't trying to steal the banana to make daiquiris, but just wanted to take a break from making sure all were amply "watered".

Thanks for a great time, Don and Sandra!

Happy New Year 2006?

Will the good times stop rolling for home builders in the new year? Maybe if you listen to the projections *Toll Brothers*, *KB Home* and *Pulte Homes*. Toll Brothers, Inc., the Philadelphia-area based construction giant has cut its sales forecasts for 2006 citing delayed openings for new developments and less demand in several of its markets.

Shares of *Toll Brothers* stock have fallen nearly 14% making Wall Street nervous about the health of the housing sector. *KB Homes*, another mega-builder, has seen its stock drop 5.5% and *Pulte Homes* lost 8.9%.

From the Desk of the President

Greetings!

With the holiday season virtually upon us, it never ceases to amaze me at how quickly a year goes by. Consequently, it's also a new year for BNHBA. I am privileged to serve as your president this year. As we've already seen, the construction industry faces more and more legislation, high costs for materials, high costs for fuel, insurances, etc. Basically it's getting tougher and tougher to make a buck.

That's why now, more than ever, our association is critical to our individual and collective businesses. The old adage of there's strength in numbers is true, that's why this new, revamped, expanded of this and future editions of ON THE LEVEL is being sent out to not only our existing membership, but to the entire listing of businesses in our 2005-06 Resource Guide for Housing Professionals. We need to grow membership in order to keep ours a viable industry.

A big THANK YOU to **Kelli Kassor**, Builders Appliance Supply, Walpole for her very generous sponsorship of our November meeting at Signatures Restaurant, North Attleborough. Thanks, too, to **Steve Mitchell**, Ferguson/J.D. Daddario, Franklin who has already signed up to sponsor a spring meeting. Please consider sponsoring a meeting or taking an ad in our new and hopefully improved ON THE LEVEL.

Thanks in advance for your support,

Brian Dunn

The next General Meeting is on
January 26, 2006.
Hope to see you there!

Happy New Year 2006? [Continued from Front Page]

A strong housing market has been credited for supporting the economy over the past several years. Now, with mortgage rates steadily rising to their highest level in the past six months, concern by Wall Street, the mega-builders and maybe even the small builder may be well founded.

Always the Lobbyist

He's always on the job. During the recent Halloween Party held at the home of **Don and Sandra Baker**, D.A. Baker Construction of Foxboro, our Executive Officer **Ron Costello** dressed the part of a Beacon Hill lobbyist. He even tried to sell Sandra Baker on the idea that joining B.N.H.B.A. makes good sense.

Save the date!
